

# Exceptionally Craft-Maid

There's always a reason for exceptional success. The primary reason why "Milano #301" has become one of Craft - Maid's most popular door styles in recent years is it's value! The kind you can't find anywhere else.

This kitchen is European Contemporary and is shown in natural solid oak. The superior craftsmanship can be easily recognized when examining the tongue and groove method of construction and the careful attention given to the furniture finishing of this intricate designer style. This custom cabinetry features genuine frameless, doweled construction which offers more useable

storage space, easier cleaning and greater strength than other construction methods.

Contact your local Craft - Maid designer, who is professionally qualified to expertly plan the perfect kitchen for your home.
